

## KING FAMILY FARM CSA PROGRAM

What is a CSA? CSA or Community Supported Agriculture is a way that you can share in your local food culture. There is no fresher way to eat than purchasing directly from a local farmer. King Family Farm is offering a few options for a Meat CSA this spring. Our pigs and poultry are of heritage breed (no genetically engineered animals here), pasture raised, supplied our custom mix of non-GMO feed and loved on every day so that when they reach your table you know you are getting the very best for you and your family. Our beef comes from the best selection of grass fed bovine allowed to graze the fields at their leisure. Our farm is family owned and operated. CSA memberships will run March-June, July-October and November-February.

### CSA Meat Box

Monthly CSA share contents are chosen by King Family Farm and will include an assortment of pastured beef, pork, chicken, turkey and eggs (when available). Due to nature of the animals you may not receive all of the species each time. All CSA meat is packed frozen. Some of the cuts will be new to you and this is part of the CSA experience. We will provide information about what cuts you are receiving along with recipes and cooking tips. From time to time we will include additional special items from the farm to help you in the preparation of your meals.

These are examples only and do not represent what will be in your box.

Example 10lb share:

1lb Breakfast sausage	1lb Hot Breakfast
